

Guidance Notes for Presenters of Poster Symposia

Maximum number of posters: 6

Maximum poster size: A1 (594mm x 841mm / 23.4" x 33.1")

We thought it would be helpful to send you a few notes about your poster symposium. The suggestions are meant to be a helpful guide and are based on feedback about successful presentations at recent conferences. We hope you will find these notes useful and supportive.

If at all possible, your poster symposium should be left on display from 1st to 4th August. We will allocate you a specific time when you will be expected to be in attendance beside your poster symposium. This time will be advertised in the programme and will last 90 minutes.

You will receive a map of the venue when you arrive and this will help you to find your poster display room. The room will be available for preparing your poster display from midday on 1st August. Poster displays must be dismantled and removed from the room by midday on 4th August.

The ISEC Crew will be present throughout the conference should you need assistance. Please do not hesitate to ask them for any help you need. They will be wearing ISEC 2005 T-shirts with our conference logo.

We are looking forward to meeting you and wish you a successful presentation.

Isobel Calder
Conference Chair
